

ROBERTO FACCHINI HERNANDEZ

MANAGER OF BIOTECH TECHNOLOGIES S.P.A.

EXPERIENCE

CEO and Responsible R&D | Infinity Biotech spa

Professional Trainer (training courses for environmental disinfection and climate systems performed at over 70 companies in the plumbing and heating sector) (Domotecnica spa)

Partner Founder | Space Tesla Piacenza

Professor environmental disinfection | St. George Campus (Darfo Boario | Milan)

Scientific Manager | St. George Campus (Darfo Boario | Milan) of the Course for European Certification of Environmental Toxicologist Skills

Scientific Manager | St. George Campus (Darfo Boario | Milan) of the Course for European Certification of Environmental Toxicologist Skills

30 years of research, conception, planning and continuous training

- **Surveyor's diploma at scuola Statale A. Tramello | Piacenza**
1988
- **Registration in The Thermo-Technical City of Piacenza**
1989
- **Official Military Service Second Lieutenant Body Carabinieri**
1990
- **Thermo Technician at Foppiani A & C, Srl | Piacenza**
1992
- **Founding Partner and Technical Manager of Idrotech Srl | Piacenza,**
1993
Designing and realization of Thermo Technical Plants Industry/Health
- **Degree in Mechanical Engineering - University Milan | Milan**
1994
Diploma of Qualified Technician Landis & Gyr (Operating Room Termo regulation)
- **Official Technician for Ariston Group (Hot Cold Technology for Piacenza)**
1998
- **Official Technician for Unical Group Ag. (Hot Cold Technology for Piacenza)**
1998
- **Official Technician for Elco Spa Group Condensing Technology**
1999
- **Technical and Scientific Manager At Professional Service Srl | Piacenza, (**
2001
Air Conditioning System Maintenance)

- **Design and Construction of The First High Disinfection System**
2004
(Indoor Cube With Atomizer Of H2O2 At 0,3 Micron)
- **Design And Construction of Super Filtration Systems in the Classroom through Paper-Only Filters**
2005
- **Design And Construction Of Equipments Cube for the Disinfection of Aeraulic Ducts by Means of A Lauching System Hyper Jet**
2006
- **Design and Construction of Micro Cell System for Instant Electrolysis (Modification of Mains Water for different uses)**
2007
- **Design and Construction of Micro Technology for High Indoor Disinfection of small spaces**
2008
- **Research Development and Implementation of New Biocide Based H2O2 with Total Elimination of Heavy Metals**
2009
- **Design and Construction of Equipments for Bioresonance called network Water QES (Quantum Energy System)**
- **Diploma Course European Certification Itel | Spain Barcelona, Technical Specialist in Ozono Technologies for Environments**
- **Design and Construction of Instant Measurement System Through a Laser Sensor for Dispersed Micro Particle**
- **First Prize City of Bari for Presentation Better Scientific Research for Particulate Pm 10 Studies through New Laser Technology**
- **Creator Of The "Clean Trains" Project in Collaboration with Ing. Moretti Trenitalia and Regione Liguria**
2012

○ **Official Trainer Course Environmental Disinfection Health Sector carried out for Sol Group Spa | Monza Milan**

○ **Founding Member of Clean Service Group Sa |Switzerland**

2013

○ **Design and Construction of a new Drilling Pressure System for Pipes to avoid leakage of Fluids and to insert Biocide injection**

2014

○ **Founding Member of Infinity Biotech Spa | Piacenza Italy**

○ **Creator Partner and Founder of the First Network of Health in Italy Team Infinity with Headquarters in Piacenza**

○ **Attestations Official Hospital University of Ferrara,**

Klebsiella, E-Coli,Bacteria Disinfection Through Mini Cube And H 202 Technology

○ **Attestations Official for High Disinfection (Virus Bacteria) with Cube Technology in A Hospital Environment A Log 7 Issued by Polytechnic of Barcelona | Spain**

○ **Design and Construction of Bioresonance Equipment for Named Water QES (Quantum Energy System)**

2015

○ **Design and Construction of Ultrasonic E & Ir Disinfection System and for Chicken Eggs**

○ **Design and Construction of Super Compact Equipment for Controlled Ozone Dispensing at Very High Dosage (2gr/Mc/H)**

2016

○ **Scientific Publication High Disinfection System Cube for Pipelines Air Treatment Treated Center Segreen | Segrete Milan**

○ **Development and Implementation of Ba New High Precision Dosing System for Legionella Disinfection with Only H 202 in 20 Gr/Mc**

2017

○ **Obtaining Certifications of Total Abatement Ebola Virus Certification Itel and Polytechnic of Barcelona | Spain**

2018

○ **Obtaining Europe Certifications of Total Abatement Sars Virus Certification Itel and Polytechnic of Barcelona Spain and Minister of The Health Italy**

2020

○ **Development and Implementation of New System Production Hclo for Disinfection Water**

2021

○ **Receipt of Honorary Doctorate in Chemical Engineering Higher University Iuhac Paris | France**

2022
